Electricity - Bellary Electric licence - Supply of power to the additional lights to be installed in the Junior Certified School, Bellary - Permitted.

PUBLIC WORKS

Ms. 2430, 14th July 2

G.O. No.2388, Home, dated the 1st July 1942.

O R D E R:--

The Bellary Municipal Council is permitted to supply power to the three additional lights to be installed in the Junior Certified School, Bellary, with reference to G.O. No. 2388, Home, dated the 1st July 1942. The Commissioner is requested to submit to the Government through the Chief Electrical Inspector to Government the necessary application for permit of essentiality.

(BY ORDER OF HIS EXCELLENCY THE GOVERNOR),
D. D. Warren,
Secretary to Government.

To the Commissioner, Bellary Municipality, through the Chairman, Municipal Council. (with enclosure).
" " Chief Electrical Inspector to Government.(with enclosure).
Copy to the Home Department.

True Copy,
Forwarded / By Order.

Superintendent.

862(O)G/42. Buildings - J.C. School, Bellary - Block No. 7 - Provision of three temporary electric lights.

From the C.I. of Cert. Schools, No. 132/S3/42, dated 28.4.42.

Please see the C.I.'s letter on pp. 1-2 c.f. In G.O. No. 6078, Home, dated 13.12.41, the Govt. approved the proposal of the C.I. to provide three temporary electric lights in block No. 7 in the J.C. School, Bellary and to execute it departmentally under 'petty construction and repairs' at a cost not exceeding Rs. 85.13.0. In March last the C.I. reported that, as the work could not be completed before 31.3.42 and the price of the electrical materials had risen up he had resumed the amount of Rs.85.13.0 sanctioned for the work. He has now subd. for the approval of Govt. a revised estimate amounting to Rs.133-10-6 for the same work.

2. The following remarks are called for:--

(1) The original estimate for the work amounted only to Rs. 85.13.0. The difference between the original and revised estimate is about Rs. 50. The particular items which have contributed to the increase are not known in the absence of the original estimate which was returned to the C.I., but it seems unnecessary to call for it, in view of the remarks in (2) below.

(2) From the estimate on p. 3 c.f. it is observed that the work involves the use of iron materials costing Rs.43.8.0. In G.O. No. 1170, Public Works, dated 4.5.42, the Govt. have ordered that no new works (other than military, civil defence and A.R.P. works) involving the use of steel should be started. It is not known whether how much steel is involved The work does not appear to have been started yet. For orders whether the proposal may be turned down. P.W.D may say whether Fin. and Public Works may see.

the items underlined on p. 3 cf are prohibited under the Go quoted above.

3 P.W.D and Finance may see.

25.5.42

The J. C. School, Bellary is within the
area of the Bellary El. licence. The Govt. of India
have served, on the Bellary El. Council, the
licensee, an order under the Defence of India Rules
that it should not enter into any fresh contract
or agreement with any person for a supply or an increase
in the supply of electrical energy without the permission
of the Provincial Govt (if the load does not exceed 50 KW) or
the Central Electric Power Control Board (in cases exceeding 50 KW)
For this purpose they have prescribed that applications
for permit of essentiality in the prescribed form should
be submitted to the sanctioning authority. The above
orders will not bar the fulfilment of
of the licensee made before the date of issue of the orders. In
the circumstances the D. G of Police may be asked to state
whether the Bellary Council has committed itself to supply the
additional load on account of the 3 proposed lights. If not,
he may be requested to move the Council to submit
to the Govt through the Chief El. Inspector to Govt
the necessary application for permit of essentiality. In
~~the latter case the proposal on this file may be sanctioned~~
~~after the necessary permission is given~~

A.S.

ord

According to the recent orders of the Govt of India fresh/increased supply of power is prohibited even if it is a compliance with the provisions of any existing contract or agreement. The position stated at X on p 2 does not therefore hold good now. The supplying power to the additional lights may be deemed to satisfy ~~the~~ condition (a)(2) of the conditions of essentiality. A draft order permitting a supply of power to the additional lights is submitted for approval. After issue (X) the file may be returned to Home through Fin
